

Square Drive Hydraulic Torque Wrenches

- » Torque accuracy $\pm 3\%$
- » Minimum capacity 170 N.m
- » Maximum capacity 37.000 N.m
- » Square drive 5 different model
- » Lightweight made of aluminium
- » 360°x180° multi-positional swivel
- » Quick release coupling connection
- » 360° rotatable, lockable reaction arm
- » Easy changable square & hex drives
- » Torque pressure table graved on body
- » Designed for heavy duty application
- » Simple drive assembly, less downtime

Model	Torque Range	Square Drive	Weight	Dimensions (mm)						
#	N.m	inch	kg	L1	L2	H1	H2	H3	H4	R
